

AUTO SCRUB

Concentrated Controlled Sudsing Cleaner

PRODUCT INFORMATION

Auto Scrub has been specifically designed for use in automatic scrubbers on floor surfaces. This low foaming formulation eliminates suds which can clog machinery and damage wiring. Use for general purpose cleaning in factories, schools, hospitals, etc.

FEATURES

- Controlled sudsing eliminates the danger of damaging the machines wiring due to excessive suds and makes it easier for the machine to pick up the cleaning solution.
- Dissolves completely in water
- Leaves no film
- Requires no rinsing
- Safe on all resilient flooring, terrazzo, marble and concrete

HOW TO USE

In automatic scrubbing machines: Use 2 oz. per gallon of water. This concentration will not harm the wax surface. For extra heavy duty cleaning: Use 5 oz. per gallon of water. May also be used for regular cleaning by mop and bucket or spray method.

SPECIFICATIONS

Physical Form	Clear Liquid
Color	Blue
Odor	Sweetish
Specific Gravity	.99
Flash Point (TCC)	None

HMIS SYMBOL

Health	2
Flammability	0
Reactivity	0
