

SPEED WHITE

Heavy-Duty White Grease

DESCRIPTION

Speed White is a heavy-duty white grease spray that penetrates like an oil, then cures to a thick, water resistant grease. It is often used in industrial, marine, aircraft, automotive, farm, home, or office areas. Speed White is ideal for linkages, slides, bearings, chains, small gears, hinges, tools, cranks, worms and rollers.

FEATURES

- All-weather multipurpose lubricant
- Heat resistant to 350° F
- Lithium grease provides superior adhesion and lubricity
- Tip and tube provided for pinpoint accuracy
- White color indicates lubricated areas and reduces staining
- 11 oz. aerosol cans

HOW TO USE

Shake well before spraying. Works best when applied to surfaces clean of rust or dirt.
