

TRI-CLEAN EXTREME

Butyl-Based Cleaner/Degreaser

DESCRIPTION

Tri-Clean Extreme utilizes cutting-edge technology to produce the most powerful all-purpose, biodegradable emulsifier that rapidly penetrates grease, oils, grime, and dirt, and contains Tri-Chem's exclusive rust inhibitor. Use butyl-based Tri-Clean Extreme in parts washers, automatic floor scrubbers, power washers, steam cleaning machines, mop and buckets, or trigger sprayers.

Tri-Clean Extreme outperforms any other all-purpose cleaner in cleaning machinery, oil-soaked floors, coolant holding tanks, conveyors, engines, dies, presses, forklifts, etc.

RECOMMENDED USES

Parts Washers, Automatic Floor Scrubbers, Power Washers, Steam Cleaning Machines, Mop and Bucket or Trigger Sprayers to clean parts, floors, walls, equipment, machines, etc.

CAUTION

Please refer to the SDS for more detailed precautionary measures, handling instructions, and emergency procedures. KEEP OUT OF REACH OF CHILDREN.

DIRECTIONS

Dilute 20:1 with water to clean presses, dies, forklifts, oil-soaked floors, lathes, conveyors, engines, wheels, carbon deposits, floor wax removal, and for use in parts washers.

Dilute 30:1 with water to clean auto interiors, appliances, decks, paint preparation, coolant holding tanks, tools, tile floors, soiled grouting, ovens, and concrete.

Dilute 40:1 with water for use in steam cleaners, carpet cleaning machines, power washers, automatic floor scrubbers, mop and bucket applications, cleaning kitchens, bathrooms and stoves.

Dilute 80:1 for carpet and upholstery cleaning, everyday cleaning of offices, hotel rooms, retail establishments, and as a laundry pre-soak.

FIRST-AID

Eyes: Flush with copious amounts of water lifting lids and removing contact lenses to ensure complete irrigation—get medical attention.

Skin: Flush with water and then wash with soap and water. Launder contaminated clothing before reuse. Get medical attention if irritation persists.

Inhalation: Remove to fresh air and assist breathing as necessary—get medical attention.

Ingestion: Wash out mouth with water. If conscious, give small quantities of water to drink. Do not induce vomiting. Get medical attention.
