

TRI-CLEAN EXTREME

Butyl-Based Cleaner

DESCRIPTION

Tri-Clean Extreme utilizes cutting-edge technology to produce the most powerful all-purpose, biodegradable emulsifier that rapidly penetrates grease, oils, grime, and dirt, and contains Tri-Chem's exclusive rust inhibitor. Use butyl-based Tri-Clean Extreme in parts washers, automatic floor scrubbers, power washers, steam cleaning machines, mop and buckets, or trigger sprayers. Tri-Clean Extreme outperforms any other all-purpose cleaner in cleaning machinery, oil-soaked floors, coolant holding tanks, conveyors, engines, dies, presses, forklifts, etc.

FEATURES

- Butyl-based
- Super concentrated
- Non-flammable
- Biodegradable
- Non-acidic
- Non-abrasive
- Safe and highly effective

HOW TO USE

Dilute 20:1 with water to clean presses, dies, forklifts, oil-soaked floors, lathes, conveyors, engines, wheels, carbon deposits, floor wax removal, and for use in parts washers.

Dilute 30:1 with water to clean auto interiors, appliances, decks, paint preparation, coolant holding tanks, tools, tile floors, soiled grouting, ovens, and concrete.

Dilute 40:1 with water for use in steam cleaners, carpet cleaning machines, power washers, automatic floor scrubbers, mop and bucket applications, cleaning kitchens, bathrooms and stoves.

Dilute 80:1 for carpet and upholstery cleaning, everyday cleaning of offices, hotel rooms, retail establishments, and as a laundry pre-soak.

SPECIFICATIONS

Physical Form	Clear Liquid
Color	Purple
Odor	Sweetish
